Bladee

In Westfield with the vacuum seal

In Westfield with the vacuum seal, smoking 'til I can't even feel

My face, my face

Why would you wanna go home with the DJ

When you can stay out with the real Bladee?

Snake blood all in my cup, but I bleed gray

Wanna do me sideways but I see straight

Ecco pull up in LA in a i8

I get the bag, they drop off for me, Postmates

See you rolling off some pills, baby, hydrate

At the Hyatt, smoking drain, had to violate

Put Draino in my glass for the headache

Can't hide it anymore so I escape

Tell Nino "bring an 8th of the high grade"

Upgraded on them quick, give me migraine

Rainworld, the CEO, give me mild rain

Frosty, I'm drinking ice, give me Ice brain

Brain freeze, I'm in the east by the palm trees

Drain team, I sip that bleach for a blood leech

Drain team, I sip that bleach for a blood leech

No cut for you, I cut out my trustees

Walk in Prada, treat that shit like it's Nike

You hate on me, got two letters - I C
