

WONDERLAND

Bladee

Acid eat through my teeth, ultraviolets, infrareds
Break into a thousand pieces, I feel like Ravenhead
Innocence and evil superglued together
Swallowing my feelings tastes like sweetness
Acid eat through my teeth, ultraviolets, infrareds
Break into a thousand pieces, I feel like Ravenhead
Innocence and evil superglued together
Swallowing my feelings tastes like sweetness

If you were to tell a story, how would it go?
Would I be in it? Yes or no?
It feels like springtime in my mind
It feels like summer all the time
Wonderland
Wonderland
Wonderland
Wonderland

Give love a chance
I break the wall (I break the wall)
When I wish upon a star (When I wish upon a star)
And they look in awe (Look in awe)
Aw man, yeah, I did it for the art (For the art)
Yeah, I'm charged up (Trash Star)
Charged up, you can say I'm starstruck (Starstruck)
I go in the night
Just to make it work out (Just to make it work out)

Dance in the night
Give love a chance
And again
Give love a chance
And another (In the night)
And again
And...
Give love a chance
And another (In the night)
And another
And again
Give love a chance (In the night)
Chance...
And another
Give love a chance
Give love a chance
And again (In the night)
Give love a chance
And another
And again
And...
