

# Leavin'

Blaine Larsen

C'mon hurry, ain't no time for worrying,  
Gotta Go - Move On

Just leave the lights on, grab some clothes,  
Set those sights on that four lane road  
I'm Gone

In a truck, in a train, in a car, in a bus,  
Change my luck, can't stay, going far in a rush,  
Got that getaway feeling  
I'm Leavin'

Trust me, something better's gotta be right around this next tu  
rn  
Gonna be just fine, toss the map, don't look behind, push that  
peddle down - burn

In a truck, in a train, in a car, in a bus,  
Change my luck, can't stay, going far in a rush,  
Got that getaway feeling  
I'm Leavin'

In a truck, in a train, in a car, in a bus  
Change my luck, can't stay, going far in a rush,  
White lines, exit signs, can't fly fast enough  
Blacktop, railway, spinning wheels, don't stop

Got that getaway feeling  
Got that getaway feeling  
I'm Leavin'

Yea, I'm Leavin'
