

Her

Blake Babies

I went to her house, she had relics everywhere
From her line(?) she said to him, things she couldn't share
Said that she had died before, i couldn't quite believe her
She always seem concerned about how i would percieve her
She held onto her memories
She had a ??? scare (?)
She always seemed corruptible
Her house was alwasy clean
She used to walk with confidence, style, down and empty street
Now she just walks quickly, staring at her feet.
Then I saw her yesterday
She was in some silly crowd(?)
Her eyes had ??? grey??
She was talking really loud
She kinda looked at me with the corner of her eye
I left ??? (is the word submarine involved?)???
Before I made her cry
