

Love For Granted

Blake McGrath

I miss your hugs and kisses
I miss the way you look at me when when I'm tripping
Hate that I can't be witchya
I hope that you still feel my love from a distance?
I miss your touch, it's hurting
Don't want no texting calling, need you in person
It's been a minute since we kicked it
But I know that in time you'll be my side

If I had all the money in the world
I'd buy back daylight, ooh
Just to see you face to face
Hold you for another day
Hate that I (hey)
Can't be by our side (hey)
I can't stand it, no
I'll never take your love for granted (woo)

No more late nights up working
It's time I show you that you're more than worth it
No more stupid fights, wave them all goodbye
'Cause what we got right here, right now is perfect

I try to get up, get out, and go out dancing, ooh
But it's like something in my heart has gone missing
I've gone and lost my mind 'cause you ain't by my side
So come on home and bring me back to life

If I had all the money in the world
I'd buy back daylight, ooh
Just to see you face to face
Hold you for another day
Hate that I (hey)
Can't be by our side (hey)
I can't stand it, no
I'll never take your love for granted (woo)

Love, never ever, never ever
Love, never ever, never ever
Love, never ever, never ever
Now I finally understand it

If I had all the money in the world
I'd buy back daylight, ooh
Just to see you face to face
Hold you for another day
Hate that I (hey)
Can't be by our side (hey)
I can't stand it, no
If I could just press rewind
I'd push it all aside
Never will forget to mention
You deserve all my attention
Time flies
In the blink of an eye
I can't stand it, no
I'll never take your love for granted
