

Lullaby

Blake McGrath

Everything you ever want, and everything you need
Standing right in front of you, baby
We could leave the world behind, we could disappear
We could just hide away, baby

Tonight, we can take an endless flight
Tonight, we can just...

Just lay back and close your eye's, sweet dreams
Heaven when you're lying next to me
Holding you closer while I'm singing
Lulla, Lulla, Lullaby
Lulla, Lulla, Lullaby
Lulla, Lulla, Lullaby
Lulla, Lulla, Lullaby
Lulla, Lulla, lullaby

I could be your prince, and baby you could be my queen
We could write a fairytale baby
We can make it last forever, we can take our time
We should just slow it down baby

Tonight, we gon' take an endless flight
Tongiht, we can just...

Just lay back and close your eye's, sweet dreams
Heaven when you're lying next to me
Holding you closer while I'm singing
Lulla, Lulla, Lullaby
Lulla, Lulla, Lullaby
Lulla, Lulla, Lullaby
Lulla, Lulla, Lullaby

And I, I wanna be touching you
And you, you're gonna be holding me
I'm gonna keep touching you
Tonight, we can just...

Just lay back and close your eye's, sweet dreams
Heaven when you're lying next to me
Holding you closer while I'm singing
Lulla, Lulla, Lullaby
Lulla, Lulla, Lullaby
Lulla, Lulla, Lullaby
Lulla, Lulla, Lullaby

Lullaby, Lullaby
