

# Never Too Late

Blake McGrath

Ain't nothing in this world more beautiful  
Than this love unconditional  
But somehow I still leave it all  
To try it on my own  
It takes time to come to terms with  
The fact that I'm deserving  
Of a love, of a love I keep on running from  
Whoa, I know, oh, I know

It's never too late, I'm never too far  
After all my mind mistakes and you still want my heart  
You make a way, when I fall apart  
And when I don't have the strength to reach out, there you are  
Ready to hold me close  
Oh-oh-oh, I know

With everything that I've wasted  
How can you still be so patient? Patient with me  
And I cannot forget I'm loved  
You'd never fail to remind me

It's never too late, I'm never too far  
After all my mind mistakes and you still want my heart  
You make a way, when I fall apart  
And when I don't have the strength to reach out, there you are  
Ready to hold me close  
Oh-oh-oh, I know

It's never too late  
Ooh-ah-ooh-ooh  
Never too late  
Ooh-ah-ooh-ooh  
That's what you say  
Ooh-ah-ooh-ooh  
It's never too late  
It's never too late  
(Ooh-ah-ooh-ooh)

To know that I was wrong and run into your arms  
Like you've shown me a thousand times before  
I'm not alone, you always welcome me home  
And you'll never, never close the door

It's never too late, I'm never too far  
After all my mind mistakes and you still want my heart  
You make a way, when I fall apart  
And when I don't have the strength to reach out, there you are  
Ready to hold me close  
Oh-oh-oh, I know

It's never too late  
I know, yes, I know  
It's never too late  
It's what you say, I know you keep your word  
That's what you, that's what you say  
I know, yes, I know  
Ready to hold me close

Oh-oh-oh, I know
