

Tsunami

Blake McGrath

Baby, look me in the eye
I'm a stone that's coming right
For you
Yeah, tonight we gonna fly
I'm about to lose my mind
Over you
Gon' pull your sexy and get your body movin'
Like a whirlwind

Feel it coming, feel it coming now
We 'bout to turn this place upside down

Like a tsunami sweeps across the floor
Spinning you out of control
Bodies twisting through the night
Don't let me go, oh, just hold on tight
Oh oh oh

Baby, come in by the tide
It'll keep you up all night
No comin' down, uh
Surfin' on the wave of love
Yeah, you'll never get enough
Another round
Gon' pull your sexy out and get your body movin'
Like a whirlwind

Feel it coming, feel it coming now
We 'bout to turn this place upside down

Like a tsunami sweeps across the floor
Spinning you out of control
Bodies twisting through the night
Don't let me go, oh, just hold on tight
Oh oh oh
