

Wild Love

Blake McGrath

Moonlit face, show me your scars
Sweet escape, your jaded heart

No rules, let's go
Running running heart first, heart
Running running
No rules, leave the world behind
Running running

Wild, wild, wild, wild love
We can't tame this no more
Wild, wild love
It's over, I'm all yours
Wild, wild love
It's over, it's over, I'm all yours
Wild, wild love
Wild, wild, wild, wild love

Free yourself, in the shadow light
Pressure lifting, you don't have to hide

No rules, let's go
Running running heart first, heart
Running running
No rules, leave the world behind
Running running

Wild, wild, wild, wild love
We can't tame this no more
Wild, wild love
It's over, I'm all yours
Wild, wild love
It's over (it's over), it's over, I'm all yours
Wild, wild love
Wild, wild, wild, wild love
We can't tame this no more
Wild, wild love
It's over, I'm all yours
Wild, wild love
It's over (it's over), it's over, I'm all yours
Wild, wild love
Wild, wild, wild, wild love

Your secret's safe with me
I cross my heart, my heart, heart
Your secret's safe with me
I cross my heart (my heart, heart)
Your secret's safe with me
I cross my heart, my heart
Your secret's safe with me (your secret's safe)
I cross my heart, my heart

(We can't tame this no more
Wild, wild love
It's over, I'm all yours
Wild, wild love)
It's over (it's over), it's over, I'm all yours

Wild, wild love
Wild, wild, wild, wild love
We can't tame this no more
Wild, wild love
It's over, I'm all yours
Wild, wild love
It's over (it's over), it's over, I'm all yours
Wild, wild love
Wild, wild, wild, wild love
