

# Work So Hard

Blake McGrath

Something about your eyes  
Tells me you're off inside  
But I'll make it all alright  
And I need to let you know that  
You mean so much to me  
And I'll give you what you need  
So don't worry 'bout a thing  
'Cause I got a lot to show ya

Slow down, chill out  
Don't know what you're on about  
Eh-oh, eh-oh  
Throw out your doubt  
Take a load off, just sit down  
Eh-oh, oh-oh

I'm gonna handle it  
You work so hard  
Come on, let me handle it

Ooh, relax, you work so hard  
I'm gonna handle it  
Ooh, relax, you work so hard, yeah yeah  
Come on, let me handle it

Kick back and watch me work  
I'll give you what you deserve  
And right now, I put you first  
This is your invitation  
Be the royal, I'ma serve you  
It's that breakfast in bed kinda menu  
Anything you want, I'ma send you  
Without any hesitation

Slow down, chill out  
Don't know what you're on about  
Eh-oh, eh-oh  
Throw out your doubt  
Take a load off, just sit down  
Eh-oh, oh-oh

I'm gonna handle it  
You work so hard  
Come on, let me handle it

Ooh, relax, you work so hard  
I'm gonna handle it  
Ooh, relax, you work so hard, yeah yeah
