

Skeleton Is Walking

Blake Mills

A skeleton is walking
A sacrificial cow
To the other side
To eat away a cloud

A skeleton is walking
A-coming here to make the peace
Origami dove
Snapping at the crease

A skeleton is walking
I pop a stick of gum
The envelope was bitter
That made my tongue go numb

A skeleton is walking
Someone's getting paid
Someone's building a fire
As someone's getting flayed

A skeleton goes walking
Our days ahead are forgotten
And spitting on my name
Wouldn't make theirs rotten

Skeleton is walking
Somewhere I can't say
A skeleton is walking
Come vouch for me one day
Vouch for me one day
