

Without An Ending

Blake Mills

Don't feel lost
It's the opposite
This is right
This was always it
But many feel
Turned around a bit
Without an ending

There are things
That get resolved
Just step back though
It all dissolves
Look at this book
It's more evolved
Without an ending
Without an ending
Without an ending

A pretty bow
"Ever after"
Isn't true though
Or it is
It's here and now
Without an ending
Okay, wow

I feel good
Not adrift
Or I do
But it's the opposite
Things expand
And time can lift you
Without an ending
Without an ending
