

Hangin' On

Blake Shelton

I let go
Of any chance that you were comin' back
Like I's supposed to
I let go
Of anything with any strings attached
Like I had to

Oh, I was finally in the clear, feelin' good
Out the house, out the woods
Thought I was through with you, then out the blue

I hear you're hangin' on
The other side of this town
Somehow, that messes me up
Wonder if that picture of us
Is still hangin' on
That paisley wall in your room
Or did you take it down?
I should've let go by now
But I keep hangin' on
To every word you said
Like some ol' faded tee
Wish I could take you off
But you keep hangin' on to me

I won't lie
I wish you'd call my phone on nights like this
Oh, why don't you?
I won't lie, I
I wonder how and where the hell you been
If you been thinkin' I've been movin' on, you're wrong

I hear you're hangin' on
The other side of this town
Somehow, that messes me up
Wonder if that picture of us
Is still hangin' on
That paisley wall in your room
Or did you take it down?
I should've let go by now
But I keep hangin' on
To every word you said
Like some ol' faded tee
Wish I could take you off
But you keep hangin' on to me
Oh, oh-oh-oh

I was movin' on, movin' on
Just about got you gone, got you gone
Out my mind, out my heart, but out the blue

I hear you're hangin' on
Your side of town
Oh baby, could you just
Tell me that picture of us
Is still hangin' on
That paisley wall in your room

Or did you take it down?
I should've let go by now
But I keep hangin' on
To every word you said
Like some ol' faded tee
Wish I could take you off
But you keep hangin' on to me

Oh, you keep hangin' on to me
I was movin' on, movin' on
Just about got you gone, got you gone
