

She Wouldn't Be Gone

Blake Shelton

- C** **C/B**
1. Red roadside wild flower if I'd only picked you
Am
Took you home set you on the counter
C/B
Oh, at least a time or two
C
Maybe she'd thought it through.
C **C/B**
Yellow sunset slowly dipping down in the rear view
Am
Oh, how she'd love to sit and watch you
C/B
I could have done that a whole lot more
G
If I hadn't been so stubborn, been so selfish
F
Thought about her more, thought about me less
G
Joked and made her laugh, held her when she cried
F **G**
A little more that.. maybe I...
- C** **C/B**
R: Wouldn't be driving like hell flying like crazy down the highway
Am
Calling everyone we know stopping any place she might be
C/B **C**
Going any place she might go beating on the dash
C/B **Am**
Screaming out her name at the windshield tears soaking up my face
C/B **F** **G**
If I had loved her this much all along, maybe maybe, yea maybe...
C **C/B** **Am**
She wouldn't be gone.. she wouldn't be gone..
2. She warned me it was coming said if I didn't change
She was leaving
I just didn't believe she would ever really walk out,
God, I believe her now
Called her mamma, cried like a baby to her best friend
If they've seen her, they ain't sayin, they ain't sayin...
Now, I'm cursing like a fool, praying it ain't too late
All I wanna do is fix my mistakes.
Find her beg her for one more try, until then damn it I'll..
- R: Wouldn't be driving...
