there On some beach somewhere

I circled the parking lot trying to find a spot
Just big enough I could park my old truck
A man with a big cigar was getting into his car
I stopped and I waited for him to back up
From out of no where a Mercedes Benz
Came cruising up and whipped right in

Some beach

Somewhere

There's no where to go when you got all day to get there

There's cold margaritas and hot Senioritas smiling with long dark hair

On some beach

Somewhere

I sat in that waiting room

It seemed like all afternoon

The nurse finally said doc's ready for you

you're not gonna feel a thing we'll give you some novocain

That tooth will be fine in a minute or two

But he stuck that needle down deep in my gum

And he started drilling before I was numb

Some beach

Somewhere

There's a beautiful sunset burning up that atmosphere

There's music and dancing and lovers romancing

In the salty evening air

On some beach

Somewhere
On some beach, somewhere
