

# The Girl Can't Help It

Blake Shelton

She don't need no sunny day  
She gonna light the world up either way  
She don't need to turn every head  
Naw, she just doin' what she does best

Yeah, she just smilin' that smile that her momma gave her  
Swingin' those hips she sure is makin'  
Those blue jeans talk and the boys all fight  
The one you want with you on a Saturday night  
Bendin' those words like the Mississippi river  
Wherever she's goin', man, I wanna go with her  
Shinin' so bright, make the midnight stars jealous  
Heaven help us all, the girl can't help it  
Naw, the girl can't help it

Naw, she can't help she likes cherry red  
Naw, she can't help it if she still looks pretty with her hair  
all a mess  
She don't know what all the fuss is about  
She don't mean to be the talk of this town

Naw, she just smilin' that smile that her momma gave her  
Swingin' those hips, she sure is makin'  
Those blue jeans talk and the boys all fight  
The one you want with you on a Saturday night  
Bendin' those words like the Mississippi river  
Wherever she's goin', man, I wanna go with her  
Shinin' so bright, make the midnight stars jealous  
Heaven help us all, the girl can't help it  
Naw, the girl can't help it

If God had just one ace, I think he dealt it  
Ain't nothin' not to love, the girl can't help it

Yeah, she just smilin' that smile that her momma gave her  
Swingin' those hips she sure is makin'  
Those blue jeans talk and the boys all fight  
The one you want with you on a Saturday night  
Bendin' those words like the Mississippi river  
Wherever she's goin', man, I wanna go with her  
Shinin' so bright, make the midnight stars jealous  
Heaven help us all, the girl can't help it  
Naw, the girl can't help it
