

Even At My Worst

Blanca

If I'm being honest
I didn't think You'd stay with all my problem
I was so afraid that when You saw them
You would turn Your back on me and leave

'Cause in the silence
My insecurities are like a siren
Taking over me, and I can't hide them
Even then You see the best in me that I can't see

Even at my worst You love me
You wrap Your arms around and You hold me close
Even at my worst You give something I don't deserve
You love me even at my worst

En mi flaqueza
Me rescatas, renuevas mis fuerzas
Nada se compara a Tu presencia
Si te tengo a ti, no quiero más
Nada más

Aun en mi debilidad
Tu eres fiel, eres capaz
Estoy el pie y es por Tu poder (Es por Tu poder)
En mi prueba y mi temor
Siempre ves lo mejor
Estoy el pie y es por Tu poder (Hasta en mi peor)

Hasta en mi peor momento
Mi abrazas y rodeas con Tu amor
Hasta en mi peor momento me das
Lo que yo no merezco hasta en lo peor
Hasta en mi peor momento
Mi amas y hermosa Tu me ves
Hasta en mi peor momento me das
Lo que yo no merezco hasta en lo peor

When I fall down, You pick me up (Pick me up)
When I feel small, Lord You're big enough (Big enough)
Through my trouble and my flaws
Oh God, You see above it all
I'm standing strong and it's because of You
Even at my worst

Even at my worst You love me (You love me, love me, love me)
You wrap Your arms around and You hold me close
Even at my worst You give something I don't deserve
You love me even at my worst
Even at my worst You love me (Even at my worst You love me, yeah)
And in Your eyes I'm always beautiful (Even at my worst You love, yeah)
Even at my worst You give something I don't deserve (Something I don't deserve)
You love me even at my worst
