

Feel It

Blanca

I been living like a soldier
But the war's already over
Yeah I've only been surviving
But there's hope on the horizon

Glory be
Oh my soul
In my heart
Oh this I know
Glory be
Oh my soul
In my heart
Oh this I know
Oh this I know

Change, change, change is a comin'
And like the train that's set in motion
Ain't no stopping where it's going, no, no, I know
Change, change, change is a comin'
Ain't gonna be this way forever
I'ma get somewhere better
Oh yeah, I feel it
Oh I, I feel it, Oh I feel it, I feel it
Oh I, I feel it, Oh I feel it, I feel it

Yeah I've been through the fire
But I'm coming out a fighter
Mighta thought it had me conquered
But it only made me stronger

Glory be
Oh my soul
In my heart
Oh this I know
Glory be
Oh my soul
Hold on tight
Cause here we go
Oh here we go

Change, change, change is a comin'
And like the train that's set in motion
Ain't no stopping where it's going, no, no, I know
Change, change, change is a comin'
Ain't gonna be this way forever
I'ma get somewhere better
Oh yeah, I feel it
Oh I, I feel it, Oh I feel it, I feel it
Oh I, I feel it, Oh I feel it, I feel it

The tide is rising
Don't you know it
Time is ticking
Time to own it
Taking back
What was stolen
No more hiding

It's our moment
The tide is rising
Don't you know it
Time is up
It's time to own it
Taking back
What was stolen
No more hiding
It's our moment

I know change, change, change is a comin'
I know change, change, change is a comin'
And like the train that's set in motion
Ain't no stopping where it's going, no, no, I know
Change, change, change is a comin'
Ain't gonna be this way forever
I'ma get somewhere better
Oh yeah, I feel it

Oh I, I feel it, Oh I feel it, I feel it
Oh I, I feel it, Oh I feel it, I feel it
Oh I, I feel it, Oh I feel it, I feel it
Oh I, I feel it, Oh I feel it, I feel it
