

## Full Bloom

Blanca

(I'm in full bloom, I'm in full bloom)

I can feel my world is changing  
Just like a tree my roots run deep  
It took a while but now I see  
I can feel my worries fading  
These flowers are surrounding me (yeah)  
It took a while but now I see

I never want to go back  
I'm finally on the right track (yeah)  
And I think you should know I want you to know that

I'm in full bloom (oh)  
I'm in full bloom (yeah)  
I'm in full bloom (yeah)  
Yeah I want you to know you need to know that

I'm in full bloom (yeah I want you to know that)  
I'm in full bloom yes in full bloom (yeah)  
I'm in full bloom yes in full bloom

I never want to go back  
I'm finally on the right track (yeah)  
And I think you should know I want you to know that

I'm in full bloom (oh)  
I'm in full bloom (yeah)  
I'm in full bloom (yeah)  
I'm in full bloom yes in full bloom

(I'm in full bloom, I'm in full bloom)
