

Start Over

Blanca

When I'm low
And I'm feeling like I'm losing all control
Like I'm falling
Then I know
That the freedom that I'm needing is so close
Cause your love it brings me up

And I'm feeling alive
Feeling alive, feeling al la la live
Open my eyes, open my eyes
And look to the sky, ay ay ay

I know when it ends
New can begin
I'll be alright, ri right
Cause I'm feeling alive
Feeling alive, feeling al la la live

I know it's never too late
To start over
Never too late
To start over again
I know it's never too late
To start over
Never too late
To start over again

Stop, rewind
Look at the things you've done right
Relax your mind
Only a matter of time, yeah
Stop, rewind
Look up and you'll see the signs, yeah
You'll be fine, yeah

It's ok
If you break
Don't get caught up on replay
When you pray
You will hear Him say

That it's never too late
To start over
Yeah, it's never too late
To start over again
No it's never too late
To start over
Never too late
To start over again

No no no no
Never too late
No no no no
Never too late
No no no no
Never too late
No no no no

Never too late

That it's never too late
To start over
Yeah, it's never too late
To start over again
No it's never too late
To start over
Never too late
To start over again

No no no no
No no no no
Never too late
No no no no
Yeah, never too late
No no no no
Yeah, never too late
No no no no
Yeah, never too late
