

# Feel Me

Blancmange

Feel me now  
Feel the pain  
Take the blame  
Feel the strain

Before a word was spoken  
My heart was broken

Feel me now  
Feel the pain  
Take the blame

Feel me now  
Feel the pain  
Take the blame  
Feel the same

Before a word was spoken  
My heart was broken

Feel me now  
Feel the pain  
Take the blame

Feel me now  
Feel the pain

Wait a minute  
Stop! Stop!  
Here comes a love song  
There goes the banister!

Feel me now  
Feel me now

Find a plate glass window waiting for you  
And you and you  
Oh

Feel me now  
Feel me now

Wait a minute  
I'm going to start again  
One! Two! Three! Four!

Put your hands in the pocket  
The pocket of a friend  
What do you feel?  
Tell me now

Before a word was spoken  
My heart was broken  
Wont you feel me now?  
Wont you feel the pain?

Here comes a love song

There goes a banister  
...
