

Murder

Blancmange

I was all at sea
She was lost with me
Time will surely tell
Where this leads me to

Keep on! You better look out!
Keep on! You better look out!
Keep on! You better look out!
Keep on! Everybody out!

I was all at sea
She was lost with me
Time will surely tell
Where this leads me to

Keep on! You better look out!
Keep on! You better look out!
Keep on! You better look out!
Keep on! Everybody out!

Feel me now!
Feel me now!

You don't know what this will lead to
If you keep on pushing me
You don't know what this will lead to
If you keep on pushing me
You don't know what this will lead to
If you keep on pushing me
You don't know what this will lead to
If you keep on pushing me

You don't know what this will lead to
