

## This a State

Blancmange

Down by the circus  
Lines of masked people  
Waiting to be passengers  
On a bus due any minute

This a state we're in  
This a state we're in

The memorial lawn needs cutting  
So does my hair  
No job too big or too small  
No job at all

This a state we're in  
This a state we're in

Top-level meeting  
Ground floor car park  
No taste for a fight  
More salt than any sea

This a state we're in  
This a state we're in

Down at the circus  
Lines of people  
Waiting to be passengers  
On the bus due any minute

This a state we're in
