Fernweh

It's the make up, it's the blood  
There's craving that's good  
Take this, this moment  
Take this, this moment  
It's in the make up, it's in the blood  
This craving, that's good  
Take this, this moment

It's in the make up, it's in the blood  
There's craving that's good  
Take this, this moment  
Take this, this moment

Long for distance  
Want to be right there  
Long for distant spaces  
Want to be not here but there
