## Blanco Brown

I was on my first drink, she was on three  
I was tryna catch up 'fore she leaves  
I was on my third, she was on four  
Bartender gone ahead and poured me up some more

Jack Daniel wasn't man enough for her  
But I got a little bit closer  
Backseat of my Ford Explorer  
I had the chance to explore her  
(Damn right)

Mix Coke with a fifth of Hen  
Six shots of your favorite sins  
Blame it on luck  
It all started with a headnod  
Seven ways you can smoke an eighth  
Live life minimum wage  
Can't say it tough  
It all started with the headnod  
Headnod, headnod, headnod  
Headnod

Say girl, I ain't judging you  
Good things always come in two for me  
It coulda been worse, coulda been a bathroom stall  
(A bathroom stall)  
Every day's a new holiday  
Let go don't be ashamed, no  
I come bearing gifts like Santa Claus

Jack Daniel wasn't man enough  
He got me a little bit closer  
Backseat of my Ford Explorer  
I got the chance to explore her  
(Damn right)

Mix Coke with a fifth of Hen

It all started with a headnod  
Seven ways you can smoke an eighth  
Live life minimum wage  
Can't say it tough  
It all started with the headnod  
Headnod, headnod, headnod  
Headnod
