

# Sunshine Shine

Blanco Brown

I let that sunshine shine on me  
I'm in my tacklebox brought my favorite yeti  
I got that Moonshine on me  
Just take a little sip and do that Broadway dip

These are the sounds of a 85 Chevy  
With 4 12s in the back rolling on the them 20's  
Strong cologne, I got my Nike spurs and red Solo  
Saw this pretty thing she caught my eye  
Used to wait up by the phone all night  
She used to live in a country bar  
What's better than a country star?  
The twinkle in her eyes

I got that sunshine shine on me  
I'm in my tacklebox brought my favorite yeti  
I got that Moonshine on me  
Just take a little sip and do yo Broadway dip

Body built like a guitar  
I love her curves  
She Do si do, I do si do we out the door, baby I'm a flirt  
And my heart beats like a heavy Chevy  
Lil pretty thing she caught my eye  
Don't have to wait up by the phone at night  
She used to live in a country bar  
But now she's sitting in my truck  
Still got that fire in her eyes

I got that sunshine shine on me  
I'm in my tacklebox brought my favorite yeti  
I got that Moonshine on me  
Just take a little sip and do yo Broadway dip

I got that sunshine shine on me  
I'm in my tacklebox brought my favorite yeti  
I got that Moonshine on me  
Just take a little sip and do that Broadway dip

To the left to the left, uh uh  
To the right to the right now stop  
To the left to the left, uh uh  
To the right to the right now hop  
Kick  
Skip  
Broadway dip  
Do si do  
Now Go  
Push the pedal  
Now git it up

I let that sunshine shine on me  
I'm in my tacklebox brought my favorite yeti  
I got that Moonshine on me  
Just take a little sip and do that Broadway dip
