

Put me in the club, I'm the backdoor  
 I was winging it, now I'm on the flight—pterodactyl  
 I give a girl bone, let me know, it was fractal  
 I shine-less, but I'm timeless, I'm capsule  
 They grind-less, but I'm guided, unilateral  
 Born with it, I don't really mind—it ain't natural  
 With Yahoo boys, Inhenacho  
 Sliding, why they hiding? They ain't macho

 It was round one, pulling me, I'm distant

Trenches—bet the killers got a hit list  
 Expenses—know the drillers gotta hit this  
 Sorry bae, you know I gotta risk it

 When I pull up in a sprinter, Imma infest it

If there's henny in it  
 Bro telling me the play—I'm putting twenty in it  
 It was harder getting her, I got a semi in it  
 Money getting buried in it  
 Skeletons in the closet getting ready in it
