Blanco

(It's Tekky)

Settlin', pedallin', KP resident  
Half of the bro's don't gelatin  
Run, Scooby Doo cah we're meddlin'  
The sound from the box too deafenin'  
Two litre horse power, mad, gallopin'  
Rush goalie cah she bad, Alisson  
War with the stars in the flats, Anakin  
VVS diamonds are bright, flashin' it

First time I looked at a mash, year nine  
In my own lane, I'ma crash  
Tier five, off licence to Dubai  
Clear flight, apologies it's in advance, dear wife  
Bro's on the back of the ped  
Think I see TSG vans up ahead  
I was in the cell when they bought my baguette  
Tuna and mackerel, I whipped it the best  
You know it's warring time when the ballies come out  
With a bad head, yeah, the baddies about  
Don't look but the federales around  
Stop and search fake but they carried it out  
Magneto friends cah they're bendin' them kitchens  
Mystique ting when they nicked him  
Ex bad mad cah she tricked him  
Victim, sup' them assisted  
Vengeance and beef, I don't care about fame  
Wray & Nephews, hear the cries of my pain  
Bro died hardy like John McClane  
Broke two bones in the can, I'ma claim  
Roll 'nuff dice on the blocks, lane  
That chain no more than five, lame  
Carry 'nuff man, I got back pains  
Just touched down, I'ma champagne

Conference calls so now I'm in the playoffs  
Still do the same things on my days off  
Two black men, fully black, chaos  
Nigerian friends did a scam, Lagos  
Old-school run out the cab, straight up  
African akh so them man pay up  
Lakers jersey and that, player  
Kobe, I gave it to Shaq, layup  
Brazilian beats like I'm Michael Delo  
She like when I had cabello  
Tottenham one kinda nice, Defoe  
Ran, free kick, tryna take Deco

You ain't never been like that, mad  
Disposable waste in a bin bag  
Wizard of Oz, he a tin man  
Got no heart, never been bad

Still have dreams tryna link Lattz  
Fuckin shots, he a link cats  
Tryna buy things and my links  
And she wanna jeet, I'ma dispatch
