

Yo

Don't wanna do no shows in the country, I don't want any period  
Me and Active coulda been Jme, Skepta, but nah, we ain't serious  
Boy better know I'm in the trenches, life expenses, don't be curious  
Drivin' fast got me a new drivin' ban, and now I'm furious

Turbo, put my heart on ice, it was swollen, now it's inferno  
Need a Ibuprofen, TJ's in a stolen car, lot circle  
Awake and I see all the stars, I thought it was ours, but nah, I'm nocturnal  
Las Palmas, I ain't never been the loudest ball for your love, Alberto  
Baller, deflect, get corner, adore her, g check in the Bora Bora  
In the dawn, what's all this aurora? Swipe her, that's Dora Explorer  
Free MizMac, shoulda been in the sauna, that's veteran trauma  
I couldn't afford no Adidas Predators, so we brought Diadora's  
Anyways, seven man up, get lemonade  
Life gave lemons, I sung this serenade  
Music stream tryna really disseminate  
I don't wanna spend that money that generates  
When I move to you, please let me in, let me renovate (Renovate)  
Photo bomb you board and detonate, uh  
Came in the back, put the seat up high when I park  
Shameless and I been faceless, swear to god I'm Sansa Stark  
Hearin' it bang when you're doin' your homework, no silencer  
Dragon Raider, gotta find this golden melanin jaw, that's nice  
(Round up)  
Round up, legs in the air, do it twice  
Men on the block with the mice, gold and diamonds wouldn't suffice  
I'm a little bit tired, let me sleep through the day, see you in the night  
Play the high line, that's dangerous, don't be caught offside, van Dijk  
Wanted you dearly, hear me, growin' up, swapped Dsquared for Amiri's  
Left that back that like Tierney, I shoulda just left you back then clearly  
Mule kick, he was like Nikolai shootin', screamin' out, "Fear me!"  
Spoke to the judge, he was more than sorry, so sincerely

Bis got the kits all rubbed  
Same old dishin' out dust  
Tellin' me shit, no fuss
