

# Itachi

Blanco

(The Elements)

Red in my eyes and pupils bleeding  
Need a lifetime of achievements  
Caught with the iron, found I'm anemic  
I'ma go down as elitist  
Bro coulda caught that volley and buried it  
But he's just too unstrategic  
In my head I was turning down sponsor deals  
While I take these freekicks

Only did shows if the jakes will allow us, blocking my visual prowess  
Caught in the build up, scraped and fouled him, let VAR disallow it  
And my headband's gone and my coat's got flowers  
But I ain't superpowers  
Bro with a tesseract, leave him devoured  
He's tryna stark no Howard

Coulna kill my bro like Itachi, bro couldn't killed this coward  
Hand on the spin one, eye like Kakashi, Jojo sav let it shower  
Shouldn't let big TG call taxi now I'm in the clam like chowder  
Who's that big batty ting in them trousers, trash like Oscar the Groucher

Errrr  
She's tryna cuff me as well, but I'm out in blurr  
Diss, then the spartans appear  
President Blancs, then the pardons occur  
Can't but heart in a her  
But they got khan in box Amir  
Outlaw bon voyage  
Leave it with André the concierge

Red in my eyes and pupils bleeding  
Need a lifetime of achievements  
Caught with the iron, found I'm anemic  
I'ma go down as elitist  
Bro coulda caught that volley and buried it  
But he's just too unstrategic

Chidori  
Pray they don't sing, Balamory  
Only got love for the fans that adore me  
Yo where you off to, shorty?  
He's tryna buck them man like Milwaukee  
Then he went jail just shortly  
After in the cut like a plaster  
With the genjutsu caster  
Throwing hand signs like Minato  
Just Gohan tryna Piccolo  
He's in a suit, he ain't going to an opera  
But on the stand sung Figaro

I was just on set till I got bigger roles  
Back door buss killer blow  
Guys in the wall like Eren and Captain Levi

But it walls ain't walls of Jericho

Red in my eyes and pupils bleeding  
Need a lifetime of achievements  
Caught with the iron, found I'm anemic  
I'ma go down as elitist  
Bro coulda caught that volley and buried it  
But he's just too unstrategic  
In my head I was turning down sponsor deals  
While I take these freekicks
