

Let Me Go

Blanco

Yo
They never had no shame just lying
Singing like Simba
Gunnars intentions aren't just injuries
They wanna get back Timber
3D circles small this cylinder
Snow bring so much heat and it's winter
Sidemen wanna be MCs too Miniminter
The hero wins the antagonist loses
Can't save these bad ones
In jail Smarkos WhatsApp called me

TG Damson don't be a saint
It's Franklin shit I mean frightening
Hear that thunder sound got no correlation to lightning
Prime got numbers back and we're throwing up zeros divide us quickly
Meddling teenage boys with the broomstick... It's a mystery
Rich in history
Zero to sixty
Reach that quickly
Flee that quandary
Sprinter van be attending a prison in Swansea
I feel like the favoured one
I'm chosen
Put it in motion
Call me a saviour
Smell that danger
Fry that tamer
Baby nine and crazy mangers
War with the stars want do it like Vader
Got em playing with the forces
Potential's there if I get this right then the next contract is enormous

Let me go
I feel like my freedom's taken
But guys just wanna be Blanco
And girls just wanna be Taitum
He got lined by the scene he was faded
No taper related
Court on a Monday morning he wanna trade and skip that Bayless

What's the story they wanna be a part of
Let me hear and see the synopsis
Light and dark on the pavement side that's playing with the optics
Hiit no crossfit
Flip that Kostić
I had a breakdown too I lost it
Let that beat in a random crowd that's a moshpit
Firstly I numb this pain with the sound that make the studio this shit's healing
A hundred snakes in London let me just live by the Garden of Eden
Risk that freedom they wanna get that back what's left em bleeding
TJ got done so bad he should be appealing

Let me go
I feel like my freedom's taken
But guys just wanna be Blanco

And girls just wanna be Taitum
He got lined by the scene he was faded
No taper related
Court on a Monday morning he wanna trade and skip that Bayless

Let me go
