

## Londis

## Blanco

Should've been in Dubai, but instead I'm in Lockwood  
That's one stop Londis  
Spoke to the label, they said I need content  
I ain't got no contest  
8 balls in the bag, what's all this fondling?  
AD, Green Goblin  
Weighted pulls, then it's weighted dips  
In the trenches, step with the strongest

Been True Flavours, never been Hakkasan, it's mad  
WD40, turn them jelly, mash is jammed  
Hell in the cell, that's 2 v 1, that's handicap  
Diamonds dance, no salary cap

Not refugees anymore  
BTC, GBP, any more?  
She won't see me anymore  
Hear sirens, but I won't flee anymore  
Judge won't free anymore  
With Snow, but he can't go ski anymore  
Said that I made a mistake, I admit that, won't disagree anymore

Show no emotion  
How do I do that?  
Cover this flap this toothpaste Blu Tack  
Brighter days, this pendant blinding  
Floor that car, it's Schumachs  
Wanna go Brighton Beach, okay, let's do that  
Feel the performance bad, I might just boo that  
Damn!

Been True Flavours, never been Hakkasan, it's mad  
WD40, turn them jelly, mash is jammed  
Hell in the cell, that's 2 v 1, that's handicap  
Diamonds dance, no salary cap

By key house, now I'm at reed house  
Plant this one, come suck this seed out  
Bros on the pitch, got caught by the camera  
Man come plunk this feed down  
Handguns beat, it's senile  
Erectile  
Test out, put P down  
Tree leaves cover that Kodak, whoa  
Just look at the lines it speed down  
Lining  
New drill, realign it  
Bine it  
Get bagged, reassign it  
Climate  
Gets hot, but the night is violent  
New toys, but they hide it  
Find it  
Rap for the bills, new sounds what I find in silence  
Run from the past so much, might need a podiatrist  
Damn!
