Blanco

By my side I got chivalrous mates
Ghost rider mask Nicolas Cage
On backs got Nicolas Shades
Scary online, frivolous with blades
Fifty bags, you a little disgraced
Magneto cause the X is Dave
Just went past the ends' flames
Shipped came back Wales now he Daniel James
Guys so envious could be a hate crime
Elegant and intelligent no AI
Leverage no terrorists, Al-Qaeda
Smartphone in a can, ten pound data
On call spreadsheet, Microsoft Excel
On my lap tryna get top, Packard Bell
Splash, abstract paint, Rafael
Peng Galaxy, brown one caramel

Magneto's friends coulda bend in blades
Got a lightskin one tryna blend in shades
In a cell, reoffending rates
Got jakes on the stand, reinvent this case
Watch close and attentively
In the K, no government embassy
Lost arms, no leprosy

They got bar in blue he ain't Demba
And the fireworks blew in November
Same guys in a can call a vendor
Only man left like The Last Airbender
And the metal detectors are beeping
Couldn't conceal it
She had her ex man skeet it on Xmas
Seasons greetings
Got my manager driving all reckless
Not gonna miss this meeting
Got the new strain, call him infectious
Sneeze it, sneeze it
Swear to the gods when pledge it
