Copycats and Mirrorman
Dotty in the back weighs kilograms
Jakes took a sword and a spinner man
On the wing, no gloves, tryna spin a man
Spin a man, spin a man
Holes in his top, in a man
Two guys in the ride, one trigger man

Menace to society, only ebony I'm like Spike Lee
A little bit of brown a little lightie
When the bad ones feeling Aphrodite
Jail I had a TV in my pillow
I had 2 but they take the bait nicely
Billing up a case to indict me
Writing all these letters, they don't write me
Buss case in court with Cody (mizmac)
Eyes changed before she know me
She a keeper not rush goalie
In the night see wolf, coyote
Bis man like Mick Foley

Another cell I can't see myself in
HMP my niggas held in
Wizardry had your bubu melting
In jail, plug brought rich the kid
Imagine doing bird that was overwhelming (imagine that)
Broski went out flying selfish
In your head when u hear them bells ring
Legal visit, the wap illegal
In my cell phones Zanco Beetle (tizzy)
Cold kids do moves to be cool
If I'm plus they're not my equal
I chill with evil
Same guys that went cathedrals
Swords and shield medieval
Money goes pop goes the weasel
