Forgiveness is a sin, why I'm burning bridges
Thought this money would take all my stress away, away, away, away
Juj man in Ghana but he a call away
Money talks so why you talking to me?
For an appearance, it will cost you a fee
You will go broke tryna look like me

All I knew was the trap life
From Q, Z, straight to a box

Couple losses, it cost to be a boss
And word to my bro Nina
If I'm lying, I'm dying, I put on God
Under hood surveillance, can't catch me
I'm legal boss
