

## Time Out

Blanco

Oi, Blanco, I got a mad chorus  
I need you on the track with sizzles and smarks  
I was thinking, fam, yo, I gotta grab this one man  
Keep it, it's a mad chorus  
(It's Tekky)

My bro's on the run, he's at my house  
Wish he could stop, say time out  
A guy goes in, then a guy's out  
Brought out the claws, buyout  
I'ma watch them cheerlead then try outs  
007 with a mash, spy out  
Are you gonna cry when they die out?  
Are you gonna hide when they ride out?

Savage on d cat, think and I recap  
Said they soon, they repeat that  
Cook skin pan fried seabass  
In the field looking like Kante's heatmap  
Bro's too smart to concede that  
Explaining my case to my friend, need feedback  
Is it looking good, bro, is it not?  
The answer is yes I'm in the box  
4 man jeeted, a jawn got breedied  
Told the rich one she a keep it  
Extreme views might be extremists  
Street views might be perceived as  
Not being smart, but I lost dargs  
No warnings from my teachers  
Draft pick lit, see the bleachers  
She brown and her friend see the features  
Peak when your living it up Himalayan  
On soch just tired, deadpool like Ryan  
Say they're not involved, retired  
No pride like lion  
Not man like Iron  
Jump off a ped, see a high vest  
She wanna beat, I ain't LiTek (It's Tekky)  
See through the lies in your iris  
Cell by himself, high risk

My bro's on the run, he's at my house  
Wish he could stop, say time out  
A guy goes in, then a guy's out  
Brought out the claws, buyout  
I'ma watch them cheerlead then try outs  
007 with a mash, spy out  
Are you gonna cry when they die out?  
Are you gonna hide when they ride out?

Snow's in jail, calls me with anxiety  
Said he checks on me, the irony  
01, I answer the binary  
Got it from the source, primary  
Flam got flagged, he ain't do nothin'  
Free from the world, disillusioning  
Guys on remand and they're losing it

The cuffs too tight, can you loosen it?  
Get splashed doing your Tesco shopping  
Every little helps, they will rob him  
Star leave you red, Moroccan  
Buck man in the flesh, ain't got a problem  
Zanco fly, lotion am Johnson  
Baby 9 up for adoption  
Bro put the gun in a zombies bit  
Grab the mash, not Richtofen

My bro's on the run, he's at my house  
Wish he could stop, say time out  
A guy goes in, then a guy's out  
Brought out the claws, buyout  
I'ma watch them cheerlead then try outs  
007 with a mash, spy out  
Are you gonna cry when they die out?  
Are you gonna hide when they ride out?
