

Run from the TSG
On the run like DMC
Dsquared 2, that's D X D
English sub like ENG
Portable waps, no PSP
Tryna end it, END
I see undies stop and reverse
Now I'm blowing out, TNT

Grind with me, I don't mean Pretty Ricky
My brother had court for the blicky
Are you down with me when it's sticky?
Icky, still in estate, Mississippi
Hand ting sing like Adele, so pretty
How you make your nails so pretty?
We ran from the feds, it was silly
Them heels on your feet gonna hurt your Achilles

Just met but I might know this one
Yellow one set the golden sun
Tryna move on like the oldest son
Facial hair, I might grow this one
Cutting it off for the judge and jury
Surely presenting myself so purely
Down on my luck, secure me
Jakes set traps and a rat tryna lure me

Botty, they chop upfront and attack it
SD moving erratic
HS Supreme fanatic
Splash moving aquatic
Snow in the T in the trap with an addict
Trapping jury don't be so dramatic
In a warzone not summit
Static, get a full clip, cinematic
Left I.T. with your ex, exit
Great friends with my black friends, that's Brexit
Had Khan in the dock, Genghis
Come take a slice of the pie, Memphis

Only showtime when I fly, guest-list
Dead like me, them gal get desperate
Road block when you wake, skeptic
Morning splash with a dash for breakfast
D2 hoodie and so is the jeans
Fendi shoes, no McQueens
Get your ship wrecked, marines
In the east end, Janine
Blocks hot, dragon on lock, Kelis
Police wanna lock release
In jail to rot or deceased
Jordans, rambo knife, Tech fleece
