

## Losing My Brain

Blanks 77

I cant seem to remember  
and i cant seem to forget  
i cant remember day to day  
but my lifes not over yet  
i aint got no time  
and i aint got no will  
i aint got much of anything  
but i'm ready for my next big thrill

[Chorus:]

and it feels like im losing control  
when chaos has taken its toll  
and im goin insane.....today  
and im losin' my brain.....hurray

now i dont wanna leave here  
and i dont wanna stay  
my brain keeps telling me one thing  
but i go the other way  
i need something i can believe in  
i need me a bit of luck  
everybody wants to grow up but  
i dont give a fuck
