Don't worry, I'll get there
Don't worry, I'll get there

I know where I belong, but I just ain't there yet
I know what I must do, to get myself there
I saw that you could do, whatever you had to
You knew which steps to take, to get yourself there

I don't help, I don't need people, I just need directions
I don't help, I don't need people, just give me directions
No, I don't help I can do this myself, I just need directions
No, I don't help I can do this myself, just give me some directions

And I'll get there
Don't worry, I'll get there
Don't worry, I'll get there
If you give me directions, I'll make sure I'll get there
I'll make sure, I'll get there yeah

I know where I belong, but I don't know the road
I heard it's tough and long, and no one walks alone
But I know you crossed the road, I know you made it there
You knew which way to go, and you went for it

I don't help, I don't need people, I just need directions
I don't help, I don't need people, just give me directions
No, I don't help I can do this myself, I just need directions
No, I don't help I can do this myself, just give me some directions

And I'll get there
Don't worry, I'll get there
Don't worry, I'll get there
If you give me directions, I'll make sure I'll get there
I'll make sure, I'll get there yeah

I can see my path before but it's vague sometimes
The lights that lead the way they fade sometimes
But I know I have it in me, and I'd rather die
Than give up without trying cause I know

Chorus

That I'll get there (cause I know, I know, I know)
Don't worry, I'll get there (cause I know, I know, I know)
Don't worry I'll get there (cause I know, I know, I know)
I'll make sure, I'll get there, I'll make sure, I'll get there yeah
