

# Heart On Fire

## Blanks

Reaching for the sky, oh, call me insane  
Imma take it to the limit  
Never getting tired I'm setting the pace  
I will be the first to finish

I'm fighting every feeling  
All my demons inside  
I'm starting to believe in  
Oh, I'm seeing the light

'Cause my heart is on fire  
A burning desire  
And it's taking me higher  
And I'm never gonna stop, never gonna stop  
'Cause my heart is on fire  
I'll start up a riot  
I'll fight like a lion  
And I'm never gonna stop, never gonna stop

I wanna go harder, double the stakes  
I ain't gonna lose my thunder  
You better believe I got what it takes  
I will never lose this hunger

I'm fighting every feeling  
All my demons inside  
I'm starting to believe in  
Oh, I'm seeing the light

'Cause my heart is on fire  
A burning desire  
And it's taking me higher  
And I'm never gonna stop, never gonna stop  
'Cause my heart is on fire  
I'll start up a riot  
I'll fight like a lion  
And I'm never gonna stop, never gonna stop

Oh oh, can't bring me down  
Oh oh, I'll break the ground  
Oh oh, can't stop me now

You watch me go  
I'll make it count  
Oh, try me  
But you can't slow me down

'Cause my heart is on fire  
A burning desire  
And it's taking me higher  
And I'm never gonna stop, never gonna stop  
'Cause my heart is on fire  
I'll start up a riot  
I'll fight like a lion  
And I'm never gonna stop, never gonna stop

Oh oh, can't bring me down

Oh oh, I'm breaking ground  
Oh oh, can't stop me now
