

Higher

Blanks

Cruising 'round the town, we got nowhere to go
All our favorite songs on the radio
Sun is going down, we go look for adventure
Both a little scared but it's better together
Maybe it's the way that you looked in my eyes
I haven't been able to get you off my mind
Driving through the valley, got your hands in my hair
Tell me where you wanna go and I'll take you there

Oh
Hold me, don't let go
I want you to know
I'll never let go

You make me feel a little higher
The things you do they make me smile, yeah
You make me feel so, oh
So don't let go
You make me feel a little higher
It's like there's something in your eyes, yeah
You make me feel so, oh
So don't let go

We could go away, take my car for a ride
Leave it all behind, stay away for the night
Looking at the stars, wondering if it all matters
Both a little scared but it's better together

And oh
Hold me, don't let go
I want you to know
I'll never let go

You make me feel a little higher
The things you do they make me smile, yeah
You make me feel so, oh
So don't let go
You make me feel a little higher
It's like there's something in your eyes, yeah
You make me feel so, oh
So don't let go
