

It'll Be Fine

Blanks

I know it's late but it's like I told you
Call me up and I'll be right over
Even though you try to hide it behind your eyes
You've been up all night I know
Baby when you're in your head
And you're on the edge
Oh I won't let go

When the world is on your shoulders
And you're trying to walk the line
I'll be there to hold you
It'll be it'll be it'll be fine

When you're heart is almost broken
And it's heavy on your mind
I'll be there to hold you
It'll be it'll be it'll be fine

You're holding back your tears but I see them
And you can't hide a heart that is bleeding
Even though you try to hide it behind your eyes
You've been up all night again
And I won't leave you on your own
Fighting this alone
When you need a friend

When the world is on your shoulders
And you're trying to walk the line
I'll be there to hold you
It'll be it'll be it'll be fine

When you're heart is almost broken
And it's heavy on your mind
I'll be there to hold you
It'll be it'll be it'll be fine

And oh no I won't I won't let you go
No I won't let you go

When the world is on your shoulders
And you're trying to walk the line
I'll be there to hold you
It'll be it'll be it'll be fine

When you're heart is almost broken
And it's heavy on your mind
I'll be there to hold you
It'll be it'll be it'll be fine

It'll be it'll be it'll be fine
I'll be there to hold you
It'll be it'll be it'll be fine
