

# Never Have I Ever

## Blanks

Lovers come and go  
Never have I ever met the one  
Make a toast  
And I'm pouring like a drunk on a mission  
I was fine, a good time life  
Pretty nice guy with a nine-to-five  
Felt lightning strike in my left side  
I was passing over

You got me feeling alive, yeah  
Alive, yeah  
I'm burning like the sun  
You got me feeling alive, yeah  
Alive, yeah  
I'm flying hydrogen  
Never have I met somebody  
Never have I had someone  
Make me feel so alive, yeah  
Alive, yeah  
Alive, yeah  
When you're close to me

Funny how it goes  
Never have I ever been so free fallin'  
Chin chin  
And I was sure that I was in control  
But you came by and lit my sky  
Showed me light and you showed me life  
That there's no try in you and I  
I am passing over

You got me feeling alive, yeah  
Alive, yeah  
I'm burning like the sun  
You got me feeling alive, yeah  
Alive, yeah  
I'm flying hydrogen  
Never have I met somebody  
Never have I had someone  
Make me feel so alive, yeah  
Alive, yeah  
Alive, yeah  
And all I'm saying is

Hands down, another level  
Hands down to something special  
There can never be enough  
For you, for me to go around

Hands down, it's close to heaven  
Hands down, we'll call it magic  
I could never get enough of you

You got me feeling alive, yeah  
Alive, yeah  
I'm burning like the sun  
You got me feeling alive, yeah

Alive, yeah  
I'm flying hydrogen  
Never have I met somebody  
Never have I had someone  
Make me feel so alive, yeah  
Alive, yeah  
Alive, yeah

You got me feeling alive, yeah  
Alive, yeah  
Hands down, another level  
Alive, yeah  
Alive, yeah  
Hands down to something special  
Alive, yeah  
Alive, yeah  
Hands down, another level  
Alive, yeah  
Alive, yeah  
Alive, yeah  
When you're close to me
