## Blanks

I've been looking at our pictures  
Makes me wonder what to do  
Cause when I'm looking at our pictures I wanna see you

I remember your smile  
I remember your scent and I can easily remember all the places  
that we went  
I should not be looking at these pictures makes me wanna be with you

I just cannot say goodbye to you  
I just cannot let you go, no  
But don't think that I am mad at you  
I just can't stop thinking about you, no oh

I got these pictures of us here  
Pictures of us in Rome  
And many more pictures of us chillin' in my home  
They remind me that you're gone now  
Yeah they remind me that you're gone now  
These pictures at my wall  
I don't know what to do  
Every day I see them they remind me of you  
While I am trying to forget  
Whatever we had

I just cannot say goodbye to you  
I just cannot let you go, no  
But don't think that I am mad at you  
I just can't stop thinking about you, no oh

So I'm keeping all our pictures  
Cause I'm scared I will forget

All the things we did together  
All the fun we had  
And when I'm feeling down, and I think of you  
I start looking at our pictures thinkin' what we used to do

So I'm keeping all my pictures  
All my pictures of you  
Pictures of you
