

# Accommodate

Blaqbonez

Aye  
Ok  
(Holy ravioli)  
Great  
(100 crowns)  
Yeah

Had a conversation with the devil  
Serve me and get everything on a minute  
When I had a conversation with the devil  
He said  
Serve me and get everything on a minute  
Man I had a conversation with the devil, he said  
Serve me and get everything on a minute  
When I had a conversation with the devil, he said  
Serve me and get everything on a minute, bro

No I don't accommodate  
No I don't accommodate  
I ain't fucking with you, bro I'm celibate  
No I don't accommodate  
No I don't accommodate  
I ain't fucking with you, bro I'm celibate  
No I don't accommodate  
No I don't accommodate  
I ain't fucking with you, bro I'm celibate  
No I don't accommodate  
No I don't accommodate  
No I don't accommodate

I ain't never let a nigga tell me how to live  
I ain't never let a nigga take food out my plate  
Everyday I'm grinding and everything that I made  
Only God can take glory  
Imma tell this fucking story  
You go ahead and better listen  
I know I was gon' make it  
When I was out of listen  
I got on my knees, pray to God  
Then I gon' get it  
Real nigga hustling, never time to be lazy  
I'm inside the booth like everyday  
Doing shit like every way  
Know the business  
Never let the pen in ways  
Walk on water till' I levitate  
Cause everyday a miracle  
Put it in every syllabus  
Success around the corner it go peak-a-boo  
In a minute I'mma pick and choose  
What a feeling I'm cruising in what I never knew  
Spending money longer this a bigger revenue  
Making hella moves  
Aye

Had a conversation with the devil  
Serve me and get everything on a minute

When I had a conversation with the devil  
He said  
Serve me and get everything on a minute  
Man I had a conversation with the devil, he said  
Serve me and get everything on a minute  
When I had a conversation with the devil, he said  
Serve me and get everything on a minute, bro

No I don't accommodate  
No I don't accommodate  
I ain't fucking with you, bro I'm celibate  
No I don't accommodate  
No I don't accommodate  
I ain't fucking with you, bro I'm celibate  
No I don't accommodate  
No I don't accommodate  
I ain't fucking with you, bro I'm celibate  
No I don't accommodate  
No I don't accommodate  
No I don't accommodate  
No I don't accommodate

I'm hoping God forgive me for my sins tho  
Came in from the bottom like  
Fuck you if you didn't know  
Young niggas hustling  
Harder sleeping than being woke  
Real life, not knowing what dinner was coming from  
Real life, fuck what you seein' on Instagram  
Broke as fuck, but still gettin' without stealing shit  
Straight grinding, now pray to God that he finish it  
Believe in something bigger than we  
That's how we get through this  
Hiii-Power shit  
Welcome 24 some Bauer shit  
Every hour shit  
The "we in the go" some power shit  
Always say we fine when they  
Ask a nigga "how you been?"  
But I guess packed into covers and digits  
I guess you brandy  
So ya'll don't see shit, ya'll just miss it  
Along as ya'll don't fuck with my lyrics  
That's all I needed  
I'm a man, my problems are my problems  
It's all some real shit
