

If it's Space then it's gotta be

Yeah

She tell me say that she wanna be my wife ting
Wife ting wife ting cause I give her biting
Now since then she don dey find me
E be like say she want to tie me
She tell me say that the thing sweeter than a honey thing
Got her body shaking like a jelly bean
And since then she don dey find me
E be like say she want to tie me

Shey na by force e for better be like stallion
Shey na by force e for better be like stallion
Shey na my fault I bring fire like a dragon
Ye, fire like a dragon

She say she want to stay all night
She say she want Jamaican style
Oh no no no
She say she wanna dey my side
Kudi say she want to be my bride
Oh no no no
She say she wanna carry my child
Be like say you want to takey my vibe
Oh no no no
Me I just wan chop and slide
Me I no want anybody

But she dey maya
When she hop on the BBC
She no dey tire
When she hop on the BBC
She talk her matter
When she come on BBC
She got a feeling
Cause she hop on the BBC

You make me maya
When I hop on the BBC
I no dey tire
When I hop on the BBC

When I hop on the BBC
Catching feelings
When I hop on the BBC
