

Consistency

Blaqbonez

This is consistency, I tell 'em, "Come and see"
Same shit you see online, when you see me
Pull up differently, cocaine white GLE
All from this ability
I'm the motherfuckin' MVP, I'm the greatest ever mentally
Smoking exotic in the six
Top down with the baddest bitch in the six
Ask around, you know I'm too legit
This is consistency, I tell 'em, "Come and see"
Ice on my wrist and neck so freeze
I've been the boy since 2-18, quality guarantee
They know Koselomi, nobody get this—
Consistency, I'm smokin' on this big fat weed
Smoking on the niggas that said that I would only have one hit
I'm on like number 26, still going, going

You know it's Blaq', so you know it's nice
Mixin' this shit, I'm like Walter White (Money worldwide)
Step fast in my own lane
Energy crazy, them ask if I'm on cocaine
Huh, but we still going, going, I write this so euphoric
As in the cars, and the hoes and the glory, glory
I see the men walk away when it's not so rosy
This gon' be fairytale

This is consistency, I tell 'em, "Come and see"
Same shit you see online, when you see me
Pull up differently, cocaine white GLE
All from this ability
I'm the motherfuckin' MVP, I'm the greatest ever mentally
Smoking exotic in the six
Top down with the baddest bitch in the six
Ask around, you know I'm too legit (Yeah, yeah)

I got family who depend on
Me and what my paper and my pen's on
So, I stay ten toes down and keep my head strong
Never let my ego take a free throw
Killin' 'em with kindness, that's me dunking on the D-low
Consistent, always trying to win, I'm just persistent
Never needed help or no assistance
Ballin' like the Pistons, my money goes the distance
I took the game and made it mine with no resistance
I smoke the hiya, straight from the mountains of Morocco
The double R leather came choco'
Tell 'em, "Come and book me, just make sure you got the breesha"
It's a hundred for a waffle and it's double for a feature
Classé on the stage, so when I'm shellin', I'm burst
Got my babes out in the sandals with a twenty grand purse
Talk nice to me or don't say a damn word
And if you're tryna come and shop, just hit the telegram first

This is consistency, I tell 'em, "Come and see"
Same shit you see online, when you see me
Pull up differently, cocaine white GLE
All from this ability
