Blaqbonez

Abena woah, I fit to reason you all I've got  
But you said is not enough  
Mio ro pe oni igbagbo  
Ko ma yemi o, do you trust in us  
I be reminiscing when you screaming on top of your voice  
Remember I told you I'll be warming up woah  
Latijo mo tin ba e so leni leni na today you go hear my word

So balance it up  
Sheyen ni ka ma riro  
I no go play you like El Classico  
No pour sand sand for my garri o  
Orente ma yari o  
Ko ye korin fun mi bi despacito

Tryna run games she like shege banza  
Girl so ahead like she read the Manga  
Running through the forest like I'm Elanga  
Cos you're my destination and I need you now now  
Me and my girl flying business  
Out in Paris, for the Olympics  
Fashion week you can't miss this  
She know that ima put in lyrics  
Audemar Piguet on top of my princess  
Wale Adenuga presents  
Shey you no remember last year December  
When you loved me jeje and I loved you tender

Abena woah, I fit to reason you all I've got  
But you said is not enough  
Mio ro pe oni igbagbo  
Ko ma yemi o, do you trust in us  
I be reminiscing when you screaming on top of your voice  
Remember I told you I'll be warming up woah  
Latijo mo tin ba e so leni leni na today you go hear my word

So balance it up  
Sheyen ni ka ma riro  
I no go play you like El Classico  
No pour sand sand for my garri o  
Orente ma yari o  
Ko ye korin fun mi bi despacito

Don't wake the neighbors, girl they hate us, you know  
There's no hesitation when I see you, it's gone  
I confess, I'm most surprise-est  
She get stats, still pass the eye test  
And she dey vex when I talk to opposite sex  
Put her in check when I put some ice on her neck  
She swear she hate me but she loves the life we livin  
She contemplating leaving me but she ain't leaving  
Fuck her like we settling a score  
She lets me land my rocket like Elon Musk  
Audemar Piguet on top of my princess  
Wale Adenuga presents  
Shey you no remember last year December  
When you loved me jeje and I loved you tender

Abena woah, I fit to reason you all I've got
