Yeah

Uhnnn

The truth is I never been a father

But anybody that do you wrong

That nigga homicidal like I got niggas to fuck em up

Just give me the word

Fuck em up open em up

Plane crash in his home

Let me know Wetin dey sup

Whatever I am down for you

I ain't boyfriend material

But I will be around for you

Dick down in the night to make breakfast for you

That's the early morning dick

I'm just saying that I'm all for you

I know I got commitment issues

But then I am willing to try with you

Whatever happens I don't wanna fight

Cause I know we got a vibe connection to you and I

Some people think am a savage but you know me well

You think that am just a funny guy well my story tell

You seen a different part of me without the packaging

That's why this thing that we have I always cherish it
