I don't want to fall in love again  
I just want to be your friend  
I don't want this to extend nonono

I don't want to fall in love again

E kos aki ta kos di un bia  
I mino kebo kustumbra  
Despues die saki mino ke yun contact mes no no  
Laga nos separa ta ki ba feel  
Bo feel, I den bo feel

Lundi mardi mercredi  
Ig traps for dopamine  
I get high make I no too think  
You outside and it's raining season

Cats & dogs oh girl for real!  
Why you feel so far away  
Like say I dey overseas  
The vibe e get as how e be

Going on and on again  
Cause no body knows my pain  
Tin tin tin and I let it marinate  
Merry go round everyday we circulate

I feel am deep inside my soul  
I don't want no back and forth  
Tin tin and I let it marinate  
Merry go round every we circulate

I don't want to fall in love again  
I just want to be your friend  
I don't want this to extend nonono

I don't want to fall in love again  
I just want to be your friend  
I don't want this to extend nonono

(Ooooh)
